

Welcome to
Maranatha
Home Health, Inc.

Living with a terminal condition prevents certain individuals from leaving their residences without exerting considerable effort. Thus, they need as much support as they can get to have an improved quality of life.

So, whether patients with chronic conditions are living in the comforts of their home or a senior residence, we can help! Maranatha Home Health, Inc. also appreciates the service of volunteers.

If you can provide hospice care, personal assistance, or other support services, then you are welcome to join our **team as hospice volunteers!** Together, let us make a difference in the lives of not only those who are homebound but also those under a physician's care.
